Our level 1 beginner class gives children ages 5 and older the opportunity to gain confidence and begin to build their swimming skills. This level introduces basic water safety.

Level 2: Developing Skills

Our level 2 class is geared towards children 5 and older who can already float independently in the water. This class continues to build their water safety and swimming skills.

Level 3: Building Endurance

Our level 3 class is for children 5 and older who can already swim independently at least 2 body lengths. This level continues to develop their strokes, water safety skills, and begin to build their

endurance.

Level 4: Advanced Strokes

Our level 4 class is designed for children 5 and older who are already able to pass the swim test. Advanced strokes emphasize stroke development and technique while preparing children for the swim team or setting them up for success to be lifelong swimmers. Maximum of 5 students per instructor.

We are also offering private and semi-private swim lessons! Private and semi-private lessons are great for all ages. Whether it is someone who is learning to swim for the first time, trying to prepare for an aquatic event, or just trying to get back into shape. Our instructors can work with you to come up with a program that best fits your needs. Each swim lesson is 30 minutes in duration. **Up to 4 private or semi-private lessons may be purchased at a time.**

Private Lessons: \$30/lesson (member), \$35/lesson (non-member) .Private swim lessons allow for a one-on-one instructor and student experience. This allows our instructors to cater to meet individual needs and goals.
